Forecast for Sunday 05 Jun 2022

Weather: Mainly dry with clear spells overnight, then sunny spells early morning, but the odd light shower may crop up. From mid-morning gradually turning cloudier bringing an increasing risk of showers, these turning heavier and more frequent later, perhaps merging to longer periods of rain for the evening.

Chance of cloud-free hill tops above 800m: 75% at first becoming 20% during the evening

Low cloud and visibility: Generally good or very good, becoming moderate or poor in showers and longer periods of rain, very poor within cloud, with bases occasionally lowering 500m through to mid-morning, becoming quite extensive later, with patches lower down.
